CORRECTION TO THE PAPER "SELFDUALITY OF THE SYSTEM
OF INTERVALS OF A PARTIALLY ORDERED SET"

In the paper under consideration (Czechosl. Math. J. 41 (116), 1991, 135–140) the lines 3–5 on p. 136 are to be replaced by the following: "Let $X, Y \in \text{Int } P$. Then $X \wedge Y$ does exist in $\text{Int } P$ iff $X \cap Y \in \text{Int } P$, and in this case $X \wedge Y = X \cap Y$." Consequently, in the proof of 2.5 the expression $[u, x_2 \wedge t_2]$ is to be replaced by $[u, x_2] \cap [u, t_2]$. Analogously, in the proof of 2.7 we have to replace $[t_1 \vee y_1, v]$ by $[t_1, v] \cap [y_1, v]$.
