This document has been digitized, optimized for electronic delivery and stamped with digital signature within the project *DML-CZ: The Czech Digital Mathematics Library* <http://dml.cz>

Pokud nebylo napsáno jinak, byly v tomto textu použity pro mezery tyto hodnoty: 0,25 em pro pevnou mezeru, zúžení podle části 5, 0,11 $\bar{1}$ em pro poloviční mezeru, 0,05 $\bar{5}$ em pro mezeru před interpunkcí. Zužovalo se za tečkou nekončící větu, za apostrofem, na vnější straně uvozovek a kolem pomlčky (tam se zužování počítalo), ne za čárkami a ostatními tečkami. Interpunkční mezera se nedávala před středník.

Summary: Text spaces in T_EX

Together with increasing quality of print, available to normal users, the significance of following the typographical rules grows. These rules may seem to be purely aesthetical matter. However, most of them have practical meaning: they enable to reduce reader's effort needed for “decoding” the written text. This article deals with *Czech* typographical rules of using spaces.

TUG 2002 Annual Meeting and Conference September 1–7, Trivandrum, India

Even though the official deadline has passed, there is still time to submit a proposal for a paper to be presented at the most exciting TeX event of 2002, the international conference of T_EX Users Group is scheduled to be conducted

in India during September 1–7, 2002 at Park Center, Technopark, Trivandrum, Kerala.

The theme for TUG 2002 is ‘Stand up and be proud of T_EX!’. Show us why it is still the typesetting tool of choice, the range of material it can handle, and especially how it can coexist with the new world of XML. We want to hear about

- using T_EX to typeset XML
- multilingual typesetting using Omega
- high-quality hyperdocuments using pdfT_EX
- fonts for non-Latin languages
- new directions for METAFONT and METAPOST

Full conference details can be found at <http://www.tug.org.in/tug2002/>

Proposals for papers should be sent to papers@tug2002.tug.org.in

We can accept proposals for a further two weeks (until the end of March 2002), and will notify authors of the acceptance at the end of that period. Other dates are:

- 12 April 2002: preliminary program available
- May 2002: send first version of full paper
- July 2002: send final version of full paper
- 4th–7th September 2002: TUG conference in India
